- **Frontend:** React, Next.js, JavaScript ES6+, TypeScript, HTML5, CSS3, Responsive Design, Mobile First
- **Styling:** Tailwind CSS, SCSS/SASS, CSS Modules
- **State & Data:** Zustand, REST API, Fetch API, Axios, TanStack Query
- **Forms:** Formik, React Hook Form, Yup, Zod
- **Tools:** Git, GitHub, Vite, Versel, Figma, ESLint, Prettier
- **Development:** API Integration, State Management, Authentication, Responsive Design, Performance Optimization, Clean Code

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Adaptability
- Attention to Detail
- Continuous Learning

EDUCATION

Ukrainian State University of RailwayTransport, Bachelor's Degree in Railway Structures and Track Facilities Engineering

2012-2017

IT School GoIT, Frontend developer

2025-2026

PROJECT EXPERIENCE

PawHaven

[Live Demo](#)

[GitHub](#)

March 2026

Built a responsive team-based web application using modern frontend technologies as a Frontend Developer. Developed interactive UI components, integrated REST APIs, and improved user experience across different devices. Collaborated with a team using Git and GitHub, focusing on responsive design and clean code structure.

Technologies: JavaScript, HTML5, CSS3, Git, REST API, Responsive Web Design.

Simply Chocolate

[Live Demo](#)

[GitHub](#)

March 2026

Developed a responsive landing page for a chocolate brand as a Frontend Developer, using adaptive layout, semantic HTML, interactive elements, and mobile first design. Focused on clean UI, accessibility, and cross-browser compatibility.

Technologies: HTML5, CSS3, JavaScript, Git, Responsive Design, Mobile-First, REST API, Swiper.js.

Note App

[Live Demo](#)

[GitHub](#)

May 2026

Developed a notes management application as a Frontend Developer using Next.js, TypeScript, and React. Implemented CRUD operations, search, filtering, and pagination features. Used Zustand for global state management. Added dynamic routing and modal windows with Next.js App Router. Deployed the project on Vercel.

Technologies: HTML5, CSS3, React, Next.js, TypeScript, Zustand
